

# Small part machining

TURNING – MILLING – DRILLING

# Sandvik Coromant Not only a tool supplier

Sandvik Coromant is the world leading supplier of cutting tools and tooling systems for the metalworking industry represented by sales personnel and specialists in 60 countries.

Three central stocking points ensure efficient distribution to customers all over the world, in most markets, within 24 hours.

## Our mission is simple:

To help our customers improve their productivity and profitability. Our products, know-how and services shall give maximum value to our customers in terms of performance, quality, security, flexibility and total economy.

## Full control from powder...

With the most advanced production system and the latest technology we control the entire process from raw material to final product.

## ... to recycling

And we also play our part when it comes to the future of our world – by collecting used carbide for recycling in an eco-friendly way. Sandvik Coromant is certified according to ISO 9001.

## No limits with Sandvik Coromant

### Tailor Made options ...

Tools to your dimensions on standard tool terms. With our Tailor Made Service you are free to specify your own dimensions without paying the price of a special tool.

- Prompt delivery of drawing and quote.
- Tools within 10 to 20 days.

### and engineered solutions

When standard and Tailor Made solutions do not fulfil your needs you can depend on Sandvik Coromant's wide experience in engineered tool solutions to cope with particularly demanding criteria.

## More information?

Useful information and application techniques are found in our special catalogues, application guides and handbooks.

CoroGuide Web is an internet based catalogue, including a cutting data module (also available on CD) where you can find cutting data recommendations for your specific application.

Visit our web site for the latest news! And you will also find many applicable functions and services.

IN NO EVENT WILL SANDVIK OR ITS EDITORS BE LIABLE TO ANY PARTY FOR ANY DIRECT, INDIRECT, SPECIAL OR OTHER CONSEQUENTIAL DAMAGES FOR ANY USE OF THE INFORMATION, EVEN IF SANDVIK OR ITS EDITORS ARE ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

# For the sake of the environment

## Get into the Coromant Recycling Concept (CRC) now!

The Coromant Recycling Concept (CRC) is a comprehensive service for used carbide inserts offered by Sandvik Coromant to all its customers.

In the light of increasing consumption of non-renewable raw materials, the economic management of dwindling resources is a duty owed by all manufacturers.

Sandvik Coromant is playing its part by offering to collect used carbide inserts and recycle them in the most environmentally friendly way.

Order a collection box for each lathe, milling machine, drill or for your machining centre. We recommend one collection box for each cutting workplace.

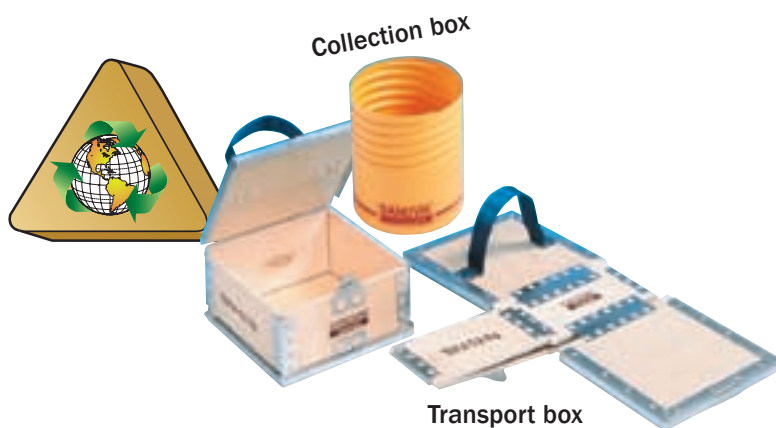

All used hard-metal inserts are stored in the collection box at the workplace.

When the collection box is sufficiently full, its contents are transferred to the transport box. We recommend using two transport boxes e.g. in the storeroom for each factory.

The full transport box is then sent to the nearest Sandvik Coromant office or to your Coromant dealer who can also give you more information.

The benefits of the CRC speak for themselves

- A one-stop worldwide recycling system.
- Available to direct and trade customers.
- Simple procedure with collection and transport boxes.
- Less waste, easing the burden on the environment.
- Better utilisation of resources.
- Other manufacturers' carbide inserts are also accepted.

Order number for collection box:	91617
Order number for transport box:	92995
